

THE KITCHEN LITHO KIT

HOW TO GUIDE

STEP 1

Preparing the plate

Secure a piece of aluminum foil to the surface, dull side up.

STEP 2

Drawing the image

Draw your design directly onto the foil using a graphite pencil.

STEP 3

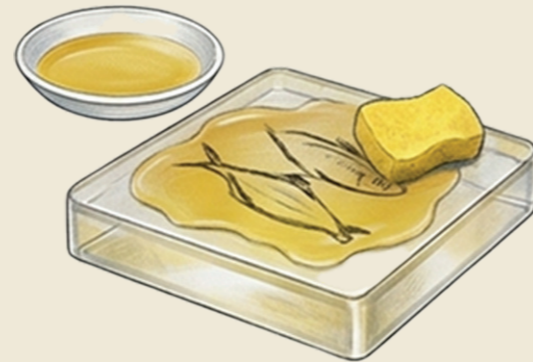

Buffing with flour

Lightly dust the drawing with flour and buff it gently with a cotton pad.

STEP 4

Etching with lemon

Apply lemon juice over the entire plate. Gently massage it and let it sit for about 4 minutes.

STEP 5

Cleaning with oil

Rinse the juice off with a damp sponge, then apply a small amount of oil to the drawing to remove the original drawing.

STEP 6

Inking & printing

Roll ink over the surface and place a sheet of paper over to transfer the image to paper.
